"Gratitude can transform common days into thanksgiving, turn routine jobs into joy and change ordinary opportunities into blessings." —William Arthur Ward

Yes, my friends, it is my joy to pen these few lines to express my gratitude to you for your continuous support, which has turned our ordinary opportunities into blessing.

I would like to share with you the success of Amambali, a girl who grew up in our home. Amambali is an orphan girl, she has no parents, she got three sisters, all of them were staying beside railway track and begging in the trains, it was noticed by the sisters and they were brought to our home, here they were taken good care, provided good education and once she completed her 10th standard, she expressed her desire to become a nurse and we encouraged her to go for the study. And now we are glad to see her completed her studies in Nursing and she is happy to serve the patients and does her job with care and dedication. It was a great joy for us to see before our eyes our little Amambali growing up and now she has learned to stand on her own feet and makes her future bright. *And the credit goes to you dear friends for all your generous contributions that has brightened the life of Amambali and many other students whose life is lit by the lamp of your generosity.*

The New year 2023 is in our hand and we are once again charged to go ahead to fulfil our vision, and moreover, we cannot forget to think about you dear Barbara for continuing to walk along the journey in the year 2023. Personally.
