Dear Barbara Wylich,

### **Greetings of love and appreciation to you**

Obviously, I consider writing to you is my privilege. We are grateful that you have been collaborators with us in empowering the poor of our country. My sincere thanks to you for sending us the sum of EUR 19,970 which is realised Rs. 15, 02,370.50/-as Indian Currency on 10<sup>th</sup> May, 2016.

You are our back-bone for the continued work of the Society of the Helpers of Mary in assisting the deprived sections of India. This amount will be utilized for the Trust activities of Ma-Niketan to empower primarily the children and girls, for their academic studies, value education, skills training and professional trainings and thus building a bright future of the children who are orphans, semi-orphans and from poor families. Children in India are still enjoying their summer vacation. Final year junior college students have all received their results. They have all passed. Most of them have come up with flying colours. They have to now look out for admissions for their professional trainings, each according to her interest. Please convey our greetings to your family members, your group members, all those who spare themselves for this good cause. Here, in India the weather is really very warm. People have difficulties to get water because water sources are getting dried up. Due to drought in some places the crop of this year will be poor too.

I hope that you are doing well and pray that you have good health to continue this work that is well-regarded. We wish you all the best in all your endeavours and God's choicest blessings on you and your family members.

With much love and prayers  
Yours gratefully

Sr. Asha
